

GOLDEN NECKIE

Last year we introduced the Golden Neckie, a way of encouraging the Scouts to complete badge work and to always strive to do their best.

Nearly every week Patrols are awarded points - these might be earned through inspection, activities, games, badges awarded or doing a good turn. We hope not to have to take any away!!

At the end of the night the points are totaled up and the winning Patrol for the night gets a lolly treat from the container.

The following week that Patrol get to wear the Golden Neckie for the night.

Each term points are added up at the end of the term for a winning Patrol with a different special treat happening the following term.

And of course, we have an award for the overall winning Patrol of the year.
