

# KARKANYA INSPECTION

Every so often we will carry out an inspection at the start of the evening. This just helps to encourage the Scouts to make sure they are always ready for a Scout meeting. Sometimes the name of the night on the program might be slightly ambiguous and they might not be doing quite what they expect!

Uniform is important - we want to see our Scouts taking pride in their appearance and uniform and getting those hard earned badges sewn on quickly is encouraged.

Each Scout is given a copy of the inspection list, and once Patrols are finally sorted they will have each other's contact details.
